IACS

Institute of Advance Computer Science
MYIACS Skill Development

Govt. of India Recognized & ISO 1900:2015 Certified Organization

A national Programme of
Computer IT Education &
Vocational Education &
Development

Welcome!

Welcome to The Institute of Advance Computer Science (IACS). The Institute Recognized by Govt. of India with ISO Certified Organization. We are very happy that our Institute always ready to provide best computer education to Rural & Urban area's student those are far from computer education. IACS has come with all packages that are needed present and future life. Our Institute provides best Quality Computer Education in most reasonable fee structure to all class of people. Our motive is to make all class of people Computer literate and take all possible advantages to make their future much brighter.

Chairman's Message

have to complement each other's efforts. At Institute of Advance Computer Science (IACS), we focus on complete development of our students by involving them in both theory & practical activities. I am sure this will help our student to realize, understand & explore their talents.

In order to do this, the students and the Institute authorities must work together to inculcate certain values in the students. "Sound body has a Sound Mind." Let us allow our student to develop mentally & technically. Students learn a lot about computer when they are involved in theory & practical classes. Some of these life skills & values cannot be taught at home. IACS provides enough opportunities for the students to achieve them.

"If a plant is carefully nurtured by a gardener, it will become good, and produce better fruits." Therefore, student must be given a good training from their earliest childhood. We are here for the same. I am sure that our students of today, tomorrow will carry forward the Motto of love and unity entrusted in their hands at Institute of Advance Computer Science (IACS).

"Do the work with intention not because of compulsion." With all my love, best wishes and blessings.

Chairman
Mr. Shoriful Alom
(M.com, MCHE)

About Us

Institute of Advance Computer Science (IACS) is a national based programme of information technology education and evolution. Institute of Advance Computer Science (IACS), IAF Accredited An ISO 9001:2015 Certified Institute. Registered Under MSME, Govt. of India. (UAN No. AS04D0000207). Registered Under MHRD (CR act) Govt. of India. Registered Under Department of Labour Govt. of NCT (Delhi), Registered Under Ministry of Corporate Affairs (CIN U80904AS2020OPC020468). PAN No. AANCM8179Q. Institute of Advance Computer Science (IACS) is the new brighter life of computer education in all over India. The great scholars thought to make each an every Indian's life to fulfill with prosperity and improvement, onward movement through computer education. Institute of Advance Computer Science (IACS) is premier of making their attempt absolute. We are very glade to introduce such innovative courses. Institute of Advance Computer Science (IACS) has come with all batches that are essential, to make a new field in the Computer knowledge.

[Objective of the programme]

Now a days, some Institutes run their Institution to provide Certificate/ Various Diploma courses to the students in higher charges, for which the lower and the middle class families of our society are unable to afford the load of their charges. We studied the theme properly and decided to provide best higher technical education in computer for each and every sector of people of the society in affordable charges. So that, all people of the society of India may pursue the courses without much difficulty.

[Computer Lab]

IACS centre have well setup computer lab. The computer lab contains high configurations computer network with Wi-Fi connectivity.

[IACS Trainer]

IACS trainer are full time, well qualified and very friendly professionals, always they are ready to guide the students. Trainer are specially trained to understand student's mind and provide knowledge equally and make them to understand the concept with ease, to make students learning smooth, experimental and easy. The whole training period is equally divided into theory and practical classes.

[Other Infrastructure]

Digital classrooms with audio-visual teaching learning devices. Arrangements have been made for each and every student with separate computer set for better learning.

Our Mission & Vision

Presently computer is an inseparable part in our life. Computer education is a route of Modern IT Education. For this, Institute of Advance Computer Science (IACS) has started various computer training programmes throughout the nation. Main objectives of the Institute of Advance Computer Science (IACS) is to promote computer education among the rural areas as well as among the student of urban areas. We invite all Indians to join this programme to fulfil the dream of Govt. of India, The main function of the Institute of Advance Computer Science (IACS) is to provide computer education such as IT Education, Vocational Courses in minimum charges to all sections of people of the society of India.

Our Objectives

Now a days, some Institutes run their Institution to provide Certificate/ Various Diploma courses to the students in higher charges, for which the lower and the middle class families of our society are unable to afford the load of their charges. We studied the theme properly and decided to provide best higher\ technical education in computer for each and every sector of people of the society in affordable charges. So that, all people of the society of India may pursue the courses without much difficulty.

Why IACS?

IACS has come with all packages that are needed present and future life. Our Institute provides best Quality Computer Education in most reasonable fee structure to all class of people. Our motive is to make all class of people Computer literate and take all possible advantages to make their future much brighter.

Academic Process

[Transfer of Centre]

A student can apply for transfer of authorised IACS centre. The candidate has to send an application stating the place for which transfer has been asked. The application has to be sent to the Head Office duly recommended and forwarded by the centre director (for the transfer form, contact your centre director or can be downloaded from our official website-(www.myiacs.com))

[Examination]

IACS has introduced both online and offline examination system. The enrolled students can apply for examination at Centre after completion of course.

[Examination Procedure]

Examination will be conducted all around the year at your IACS Authorized Study Centre. The pattern of exam will be of objective type. Details i.e. dates of Examination, timings/session will be according to the time when the examination form was filled up. A login for 15 days would be open for Centre after filling examination form for the students to commence for the examinations. After that the student has to fill the examination form again with exam fees. The duration of examination will be of 60 Minutes. Theory examinations will comprise of 25 questions of 2 marks each, total 50 Marks. There is no negative marking. Practical Exam will carry total 50 Marks.

Institute benefits:

- No Franchise Fees.
- No Royalty Fees.
- No Hidden Fees.
- No Inspection Fees.
- Only Documentation Fees.

Academic Process

Page 6

[Examination & Result]

The minimum qualifying marks for course as follows-

Practical 50	Marks Theory	50Marks Total 100 Marks
Course	Terms End Examination	
Diploma Course 50%	Certificate Course 50%	

After qualifying all the exam, the student are awarded grades as per their percentage of marks obtained.

Percentage	Grade
80%	A+
70% to < 80%	A
60% to <70%	B+
50% to <60%	C
